

“S.W.E.A.T” PROJECT

(Steroids, Weights, Education &
Therapy)

Using steroids? Thinking of using steroids?
Are you in need of support and advice from
our specialist service?

We offer free counselling, support and advice as part of this
non-judgemental and confidential service.

We provide education around steroid use and other Image and Performance
Enhancing Drugs (IPEDs), along with information on harm minimisation within our
needle exchanges.

Please contact Open Road's new 'SWEAT' outreach worker
